

## **LSMA Safety Procedures** (COVID 19)

-Please be sure to wear a mask before entering the facility. All instructors and staff will wear a mask.

-Upon entering, students' temperature will be checked with a contactless thermometer.

-If you feel sick or have been around someone who has been, please stay home.

-Students will be required to wash their hands or use the hand sanitizer before the lesson.

-The waiting area has limited sitting area to prevent congregating.

-Each lesson studio will be equipped with hand sanitizer and disinfecting spray/wipes.

-Instructors will practice social distancing during lessons. In between lessons, instructors will sanitize and disinfect instruments, surfaces and surrounding area before receiving the next student.

-Students will be dismissed on time after each lesson and will be walked out of the facility. No waiting will be permitted at the lobby so parents should pick up their child immediately after the lesson.

-While waiting in the car during your child(ren)'s lessons, please be patient and courteous to others. We're in this together as a music-loving family.

-Common area and each room will be cleaned thoroughly following CDC guidelines throughout and at the end of each day. We hire a professional cleaning service to ensure safety for all who enters our facility.

Thank you so much!
